COLLEGIATE SUMMER BASEBALL: 2021 SEASON

Players eligible for the Summer Wood Bat Collegiate Season:

Only those players on a College baseball roster will be eligible to play in our summer collegiate program. Because we are in very competitive leagues, it is imperative that our rosters are composed of active college players. Players who graduated in 2021 are eligible to be on this team.

Players who are not on a college roster may still sign up for our program, but will be placed in a less competitive situation. Graduating high school seniors who play varsity baseball are also eligible to play in our program.

In addition to playing 20 league games, we will play an additional 16 games, including a local tournament, non-league games and one out of town 3-4 game series.

The season will begin Memorial Weekend at the end of May, and conclude end of July. If we qualify for the post-season playoffs will begin the last weekend in July and our goal is to participate in the Stan Musial World Series.

We provide the team jersey. Each player will provide the following:

- Grey Pants
- Pro-Style LA Dodger Hat
- Royal Blue Belt and Socks
- Wood Bat (Composites are ok)
- Batting Helmet
- Catchers: You must provide your own Catcher’s Equipment

COST

Because of the high cost of League Fees, Insurance, Baseballs, Field Rentals, Umpires, etc., The cost to play on this team per player is \$250.

In order to participate in this opportunity, please sign the contact on the back and return as soon as you can. Those who turn it in after the (21) man roster is filled, will be put on the waiting list.

There are no refunds once you sign up for this team. Please to: [EAST LA DODGERS](#)
